Safety Data Sheet

Incense stick

Version: V1.0.0.0
Report No.: XG26106355E
Creation Date: 2026/04/01
Revision Date: 2026/04/01

*Prepared according to EU regulation No. 2020/878

1 Identification of the substance/mixture and of the company/undertaking

|Product identifier

Product Name	Incense stick
Common Name/Trade Name	None
CAS No.	Not applicable
EC No.	Not applicable
Molecular Formula	Not applicable
REACH Registration Number	-
UFI	Not applicable

| Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses	Please consult the supplier.
Uses advised against	Please consult the supplier.

| Details of the supplier of the Safety Data Sheet

Name of the company	Quanzhou Pusu Incense Industry Co., Ltd
Address of the company	No. 349, Fengdong District, Chidian Town, Quanzhou, Fujian, China362000
Post code	-
Telephone number	-
Fax number	-
E-mail address	1872188132@qq.com

| Emergency telephone number

Emergency telephone number	13850798615
Opening hours	24h

2 Hazards identification

|CLP classification according to Regulation (EC) No. 1272/2008

Skin sensitization	Category 1
--------------------	------------

| Label elements

Hazard pictograms	
Signal word	Warning

Hazard statements

H317	May cause an allergic skin reaction.
-------------	--------------------------------------

Precautionary statements

◆ Prevention

P261	Avoid breathing dust/fume/gas/mist/vapours/spray.
P272	Contaminated work clothing should not be allowed out of the workplace.
P280	Wear protective gloves.

◆ Response

P321	Specific treatment (see relevant measures on this label).
P302+P352	IF ON SKIN: Wash with plenty of water
P333+P313	If skin irritation or rash occurs: Get medical advice/attention.
P362+P364	Take off contaminated clothing and wash it before reuse.

◆ Storage

Storage	Not applicable.
----------------	-----------------

◆ Disposal

P501	Dispose of contents/container to accordance with local/regional/national/international regulations.
-------------	---

Other hazards

◆ Results of PBT and vPvB assessment

Results of PBT and vPvB assessment	This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.
---	--

◆ Results of endocrine disrupting properties assessment

Results of endocrine disrupting properties assessment	This product does not contain substances with endocrine disrupting properties.
--	--

◆ Other

	Not applicable.
--	-----------------

3 Composition/information on ingredients

Substance/mixture

	Mixture
--	---------

Component	Weight % content	Classification according to Regulation (EC) No. 1272/2008 [CLP]	Specific Conc. Limits, M-factors

	(or range)		
Oak powder CAS: N/A EC: N/A Index No.: -	71.250	No relevant classification	-
Sticky powder CAS: N/A EC: N/A Index No.: -	20	No relevant classification	-
Citral CAS: 106-23-0 EC: 203-376-6 Index No.: -	2.400	Skin Irrit. 2, H315 Eye Irrit. 2, H319 Skin Sens. 1B, H317	-
Agarwood alcohol CAS: 78-70-6 EC: 201-134-4 Index No.: 603-235-00-2	2.400	Skin Sens. 1B, H317	-
Diethyl phthalate CAS: 84-66-2 EC: 201-550-6 Index No.: -	3.200	Not classified	-
Erioglaucine disodium salt CAS: 3844-45-9 EC: 223-339-8 Index No.: -	0.375	Not classified	-
Eating lemon yellow CAS: 1934-21-0 EC: 217-699-5 Index No.: -	0.375	Not classified	-

4 First-aid measures

Description of first aid measures

General advice	Under normal daily operation and use, there is no need to take emergency measures.
Eye contact	Under normal circumstances, there is no such contact hazard. If you come into contact with the debris or dust produced by the product, please immediately lift your eyelids and rinse your eyes with flowing water or normal saline for more than 15 minutes. If necessary, seek medical attention.
Skin contact	Usually no special measures need to be taken. If there are signs of irritation or other symptoms, rinse the skin with soap and water.
Ingestion	Clean your mouth, do not induce vomiting, and seek medical attention immediately.
Inhalation	Under normal circumstances, there is no such contact hazard. If inhaling dust generated during processing, move to a place with fresh air. If breathing is uncomfortable, seek medical attention.
Protecting of first-aiders	No special protection is required.

Most important symptoms/effects, acute and delayed

1	Please see section 11.
---	------------------------

Indication of any immediate medical attention and special treatment needed

1	Targeted treatment should be carried out based on the symptoms that appear.
---	---

5 Fire-fighting measures

Extinguishing media

Suitable extinguishing media	Use water, alcohol resistant foam, dry powder or carbon dioxide to extinguish the fire.
Unsuitable extinguishing media	There is no restriction on the type of extinguisher which may be used.

Specific hazards arising from the substance or mixture

1	There are no known specific hazards.
---	--------------------------------------

Advice for firefighters

1	As in any fire, wear self-contained breathing apparatus (MSHA/NIOSH approved or equivalent) and full protective gear.
2	Fight fire from a safe distance, with adequate cover.
3	Spray water to cool the container until the fire is extinguished.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures

1	Under normal circumstances, there are no special requirements. Avoid contact with eyes and inhalation of dust, and pay attention to ventilation when using. Regarding personal protection, please refer to Section 8.
---	---

Environmental precautions

1	Prevent entry into sewers, surface water, and groundwater.
---	--

Methods and materials for containment and cleaning up

1	Under normal circumstances, there are no special requirements. If the product is scattered on the ground, please collect it in a timely manner and arrange to store it in a suitable container for disposal.
---	--

7 Handling and storage

Precautions for safe handling

◆ Protective measures

1	Provide sufficient ventilation to avoid inhaling combustion smoke.
2	Keep away from sources of fire and heat, and smoking is strictly prohibited in the workplace.
3	Prevent the generation and accumulation of dust.
4	Wash hands thoroughly after operation.

◆ Measures to prevent fire

1	Keep away from heat/sparks/open flames/ hot surfaces.
---	---

◆ Measures to prevent aerosol and dust generation

1	Avoid formation of dust.
2	Provide appropriate exhaust ventilation at places where dust is formed.

◆ Advice on general occupational hygiene

1	Wash hands and face after using of the substances.
2	Replace the contaminated clothing immediately.

| Conditions for safe storage, including any incompatibilities

1	Keep containers in a dry, cool and well-ventilated place.
2	Keep away from heat/sparks/open flames/hot surfaces.
3	Store away from incompatible materials and foodstuff containers.

| Specific end use(s)

1	In addition to use mentioned in the first parts, unforeseen other specific end uses.
---	--

8 Exposure controls/personal protection

| Control parameters

Occupational Exposure limit values	There are no occupational exposure limits applicable to products or components.
---	---

◆ Biological limit values

Biological limit values	No relevant regulations.
--------------------------------	--------------------------

◆ Monitoring methods

1	EN 14042 Workplace atmospheres. Guide for the application and use of procedures for the assessment of exposure to chemical and biological agents.
2	GBZ/T 300.1~GBZ/T 300.160-2017; GBZ/T 300.161~GBZ/T 300.164-2018 Determination of toxic substances in workplace air (Series standard).

◆ Derived No effect level (DNEL)

Component	Route of exposure	DNEL for Workers			
		Acute effects(local)	Acute effects(systemic)	Chronic effects(local)	Chronic effects(systemic)
All components	Inhalation	No data available	No data available	No data available	No data available
	Oral	No data available	No data available	No data available	No data available
	Dermal	No data available	No data available	No data available	No data available

◆ Predicted No Effect Concentration (PNEC)

Predicted No Effect Concentration (PNEC)	No information available.
---	---------------------------

| Engineering controls

1	Ensure adequate ventilation, especially in confined areas.
2	Ensure that eyewash stations and safety showers are close to the workstation location.

| Personal protection equipment

General requirement	No special requirements, please see the description below.
Eye protection	Normally, eye protection is not required. If exposed to steam/dust during production, chemical goggles should be worn.
Hand protection	Hand protection is usually not required, please wear rubber gloves when working.
Respiratory protection	Under normal circumstances, respiratory protection is not required. However, if the concentration of dust in the air is high, it is recommended to wear a self-priming filter dust mask.

Skin and body protection	Normally, skin and body protection are not required.
--------------------------	--

9 Physical and chemical properties and safety characteristics

| Physical and chemical properties

Physical state	Solid linear
Color	Green / Blue / Yellow / Orange / Black / Red / Purple
Odor	Unique fragrance
Odor threshold	No information available
pH	Not applicable
Melting point/freezing point(°C)	No information available
Initial boiling point and boiling range(°C)	No information available
Flash point(Closed cup,°C)	No information available
Evaporation rate	Not applicable
Flammability	Combustible
Upper/lower explosive limits[% (v/v)]	Upper limit: Not explosive; Lower limit: Not explosive
Vapor pressure	Not applicable
Vapor density(Air = 1)	Not applicable
Relative density(Water=1)	No information available
Solubility	Insoluble in water
n-octanol/water partition coefficient	No information available
Auto-ignition temperature(°C)	No information available
Decomposition temperature(°C)	No information available
Viscosity	Not applicable
Explosive properties	Not explosive
Oxidizing properties	Not oxidizing
Particle characteristics	No information available

10 Stability and reactivity

| Stability and reactivity

Reactivity	Under normal usage conditions, there are no known hazardous reactions.
Chemical stability	Stable under proper operation and storage conditions.
Possibility of hazardous reactions	No information available.
Conditions to avoid	High temperature, open flame, and humid environment.
Incompatible materials	Strong oxidant
Hazardous decomposition products	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11 Toxicological information

|Acute toxicity

Component	LD ₅₀ (oral)	LD ₅₀ (dermal)	LC ₅₀ (inhalation,4h)
Citral	2420mg/kg (Rat)	No information available	No information available
Agarwood alcohol	2790mg/kg (Rat)	No information available	No information available
Diethyl phthalate	8600mg/kg (Rat)	No information available	No information available

|Carcinogenicity

Component	List of carcinogens by the IARC Monographs	Report on Carcinogens by NTP
Oak powder	No information available	No information available
Sticky powder	No information available	No information available
Citral	Not Listed	Not Listed
Agarwood alcohol	Not Listed	Not Listed
Diethyl phthalate	Not Listed	Not Listed
Erioglaucine disodium salt	Category 3	Not Listed
Eating lemon yellow	Not Listed	Not Listed

|Endocrine disrupting properties

Endocrine disrupting properties	This product does not contain substances with endocrine disrupting properties.
---------------------------------	--

| Others

Incense stick	
Skin corrosion/irritation	Based on available data, the classification criteria are not met
Serious eye damage/irritation	Based on available data, the classification criteria are not met
Skin sensitization	May cause an allergic skin reaction (Category 1)
Respiratory sensitization	Based on available data, the classification criteria are not met
Reproductive toxicity	Based on available data, the classification criteria are not met
STOT-single exposure	Based on available data, the classification criteria are not met
STOT-repeated exposure	Based on available data, the classification criteria are not met
Aspiration hazard	Based on available data, the classification criteria are not met
Germ cell mutagenicity	Based on available data, the classification criteria are not met
Reproductive toxicity(additional)	Based on available data, the classification criteria are not met

12 Ecological information

| Acute aquatic toxicity

Acute aquatic toxicity	No information available.
------------------------	---------------------------

| Chronic aquatic toxicity

Chronic aquatic toxicity	No information available.
--------------------------	---------------------------

Persistence and degradability

Persistence and degradability	No information available.
-------------------------------	---------------------------

Bioaccumulative potential

Bioaccumulative potential	No information available.
---------------------------	---------------------------

Mobility in soil

Mobility in soil	No information available.
------------------	---------------------------

Results of PBT and vPvB assessment

Results of PBT and vPvB assessment	This product does not contain substances that are PBT or vPvB.
------------------------------------	--

Endocrine disrupting properties

Endocrine disrupting properties	This product does not contain substances with endocrine disrupting properties.
---------------------------------	--

13 Disposal considerations

Disposal considerations

Waste chemicals	Before disposal should refer to the relevant national and local laws and regulation. Recycle and reuse as much as possible. If it cannot be recycled, incineration method should be used for disposal.
Contaminated packaging	After emptying the packaging, it should be kept away from heat and fire sources. If possible, it should be returned to the supplier for recycling.
Disposal recommendations	Refer to section waste chemicals and contaminated packaging.

14 Transport information

Label and Mark

Transporting Label	Not applicable.
--------------------	-----------------

IMDG-CODE (IMDG Code, 42-24 Edition)

IMDG-CODE	NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS.
-----------	---

IATA-DGR (IATA DGR 67th Edition)

IATA-DGR	NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS.
----------	---

UN-ADR (UN ADR 2025 Edition)

UN-ADR	NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS.
--------	---

Disclaimer

This Safety Data Sheet (SDS) was prepared according to REACH Regulation The data included was derived from international authoritative database and provided by the enterprise. Other information was based on the present state of our knowledge. We try to ensure the correctness of all information. However, due to the diversity of information sources and the limitations of our knowledge, this document is only for user's reference. Users should make their independent judgment of suitability of this information for their particular purposes. We do not assume responsibility for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product.

Further information:

This information is based upon the present state of our knowledge. This SDS has been compiled and is solely intended for this product. The information of section 3 and section 9 is provided by the company listed in section 1. Other information is from authoritative database and expert assessment.
